

Drinking Fountain Metro

Freestanding

Drinking Fountains for parks and outdoor areas made by Stoddart are branded Metro. Metro Drinking Fountains provide clean fresh drinking water through a safe hygienic drinking bubbler.

The Metro Freestanding Drinking Fountains can be ordered as a single or as a dual fountain unit. The disabled height is also good for children. The Metro design is robust, vandal resistant and easy to install, maintain and use.

Models:

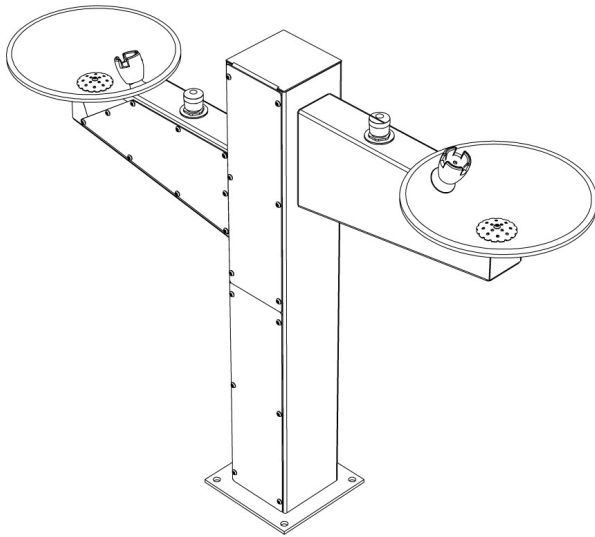

SPPL.DF.Mx.FS

Code explanation:

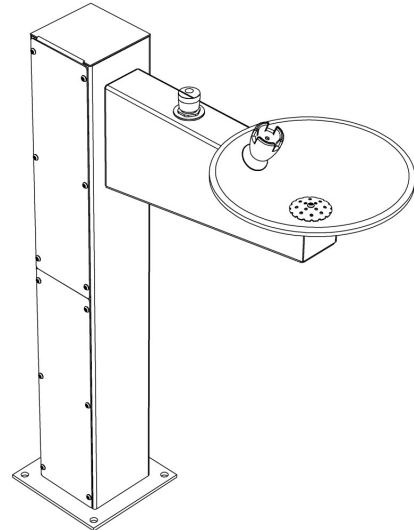

- SPPL = Standard Product Plumbing
- DF = Drinking Fountain
- Mx = MS – Metro Single (700h)
= MD – Metro Dual (700h & 850h)

- DB = Dog Bowl (Hinged)
- BF = Dog Bowl Filler Drain
- BT = Bottle Tap on post
- VAR = Custom Variations

SPPL.DF.MD.FS

SPPL.DF.MS.FS

Features and Benefits:

- Easy-Push buttons & valves supply a regulated flow of fresh clean drinking water through the safe & hygienic drinking bubblers to make drinking access easy without water wastage.
 - Large round collection bowl prevents excess water from forming mud puddles on the ground.
 - Excess water is drained through the post & can be connected to a rubble pit, a nearby garden bed or, with the addition of a trap, it can be connected to grey water.
 - An optional Dog bowl can be added to the post & excess drinking water can be drained to fill the dog bowl.
 - The Metro Drink Fountain is robust & vandal resistant for outdoor use with plumbing connections access via secure access panels.
- Metro Drink Fountains are corrosion resistant to provide years of trouble free service in marine environments.

Suitable for use where disabled access is required
