

Toilet Pan

Wall Faced, Type 3

The Wall Faced, Type 3 Toilet Pan from Stoddart Manufacturing has the most water efficient dual flush rating (certified by Wels for 4.5L full flush and 3L half flush) in Australia.

This unit reduced maintenance costs, water usage costs and is the right choice for use in all high security prisons, detention centres, police stations, hospitals and public amenities.

Vandal resistant, fully welded stainless steel construction provides superior strength, superior hygiene and long service life.

The toilet seat is hydraulically formed to create a safe, strong, comfortable contoured and self draining profile.

The standard option has secured side access covers. A rear access option is available, this is ideal for high security prisons and detention centres.

Models:

SPPL.TP.WF.3.X.YY.ZZZ

Code explanation:

SPPL	= Standard Product Plumbing
TP	= Toilet Pan
WF	= Wall Faced
3	= Type 3
X	= S – Standard height = D – Disabled height
YY	= S – Standard spec = H – Heavy duty
ZZZ	= BSA – Both sides access = LSA – Left side access = RSA – Right side access = RA – Rear access

e.g.: for specification and ordering

SPPL.TP.WF.3.D.S.BSA

Features and Benefits:

- Standard unit has 2mm stainless steel shroud and formed seat for superior hygiene and strength.
- Optional heavy duty (HD) specification has 3mm toilet seat.
- Plumbing and fixing points are concealed for security and vandal resistance.
- Access to plumbing is via side access panels (except for RA variation for cells with rear access service ducts).
- Toilet pan seat has an anti-contraband flushing rim for effective cell inspection.
- Seat has smooth hydraulically formed radius to both outer and inner edges for safety and comfort and has a self draining seat surface for improved hygiene.
- All external corners are rounded with a smooth radius for user safety.
- These toilets can be installed with either a flush valve or cistern (order separately).
